📋 Objective

B.Tech CSE (Cyber Security) student with hands-on experience building React applications and strong fundamentals in C and Computer Networks. Actively solving coding problems and eager to contribute to real-world development projects in Elite Coders.

🎓 Education

Bachelor of Technology in Computer Science Engineering (CYBER SECURITY),
[Narsimha Reddy Engineering College\(NRCM\)](#) 📄

CGPA: 8.5/10.0

Expected Graduation: 2028

08/2024 – Present
Hyderabad

🧠 Technical Skills

- **Programming:** C, Python, Java
- **Frontend:** React.js, HTML, CSS, JavaScript
- **Core Concepts:** OOP, Computer Networks
- **Tools:** Git, GitHub, VS Code

📁 Projects

React To-Do Web App

Built a responsive React To-Do application implementing CRUD operations with localStorage persistence. Used React Hooks for state management and component optimization

🏆 Certifications

Generative AI Mastermind – Outskill (2025)

- Gained practical exposure to prompt engineering and AI tools

Exploring Networking with Cisco Packet Tracer – NASSCOM

- Configured basic network topology, IP addressing, and routing simulations

🔗 Interests

- Problem solving and coding challenges
- Exploring AI & Prompting
